BONUS VIDEOS FAQ

Since we introduced the bonus videos in our sister magazine, *SCORE*, last year, some readers have been hesitant to view them or simply haven't done so at all. And that's because they're skeptical. A little skittish.

If you fall into that group, this is for you. We want to assure you that there are absolutely no strings attached. Free means free. So here goes with a quick FAQ.

Is this a trick to get my personal information so you can sell me something else or sell my information to another company?

Absolutely not. When you go to the home page for the videos (for this issue, it's www.scoremag.com/NN2505), the only information you're prompted to enter is your bonus code (see below for your exclusive code for this issue). No email, credit card or personal information is required or requested. It's all completely confidential.

Okay, fine, but don't deny it: I'll still get a ton of malware and spam, right?

Nope. All of our websites are 100% malware-free. You won't get any spam because we don't request any personal information. Since we do not use cookies, you're not at any risk of getting unwanted emails or pop-ups. Basically, we'll have no idea who you are.

I gotcha. But you're just going to show me a teaser of the scene and make me pay to see the rest of the video, right? Or you're going to try to upsell me to another scene.

Nope. No teasers. Once you access the bonus video page, you'll be able to view or download the full videos. And there are no upsells in the bonus video website. We won't try to sell you anything else. We're very thankful that you purchased *Naughty Neighbors* magazine. That's enough for us!

Watch the bonus videos and enjoy the full, new *Naughty Neighbors* experience!

EASY AS 1-2-3

NATION ST

OUR MONTHLY SHINDIG OFFERING SEX TIPS, TRICKS AND A HOST OF SEXY CHICKS

WEED MAKES 'EM CUM

Marijuana use is gaining more acceptance seemingly worldwide, and studies focusing on the benefits of the plant are starting to pile up. A recent analysis published in *The Journal of Sexual Medicine* found that women who used marijuana before sex were almost twice as likely as those who did not to report that they had "satisfactory" orgasms.

Additionally, women who indicated that they regularly partook in smoking or otherwise consuming marijuana were also twice as likely as an occasional user to have satisfying orgasms.

The study consisted of 373 female participants, all patients at an obstetrics and gynecology practice in Saint Louis, Missouri. Of those women, 127 of them (34%) reported consuming pot before sex. The majority of the participants in the study (52%) did not use marijuana in any form, and the rest were users but did not consume before sexual activity.

In layman's terms, women who toked up before sex are more likely to cum and cum hard. And if they smoke frequently, they'll cum more often.

WHAT'S WITH GHOST SEX?

Here at *NN*, we love learning about odd kinks. Sure, a certain amount of fun is derived from laughing at people, but we're also honestly curious about the full spectrum of human sexuality.

Enter ghost sex, or spectrophilia as it's formally known. Full-blown spectrophiliacs fantasize about ghosts going to town on themselves or others. We say fantasize because, obviously, actual sexual encounters between spirits and humans are difficult to verify.

In case you're wondering who in the world would admit to being a spectrophiliac, pop star Ke\$ha says that her song *Supernatural* is about her intimate relationship with a ghost. And a 30-year-old woman from England named Amethyst Realm has announced that not only has she had sex with over 20 ghosts, but she's also engaged to be married to a spirit. What a world!

NO MORE RED LIGHT TOURS

Starting on January 1, 2020, the city government of Amsterdam will no longer allow tour groups to visit the famed red light district. The area is world-renown for its approximately

300 one-room cabins rented by prostitutes who offer their services through glass windows looking onto the narrow alleys winding through the district. The prostitutes often dress in lingerie, underwear or other sensual dress, and are backlit by red lights and black lights, hence the name.

The new ban will affect pub crawls and guided walks, which have become a common sight in the city's legendary party district. In fact, over 1,000 organized and guided tour groups visit Oudekerksplein, the main hub of the red light district, every week.

The deputy mayor of Amsterdam, Udo Kock, has been quoted as saying "We do not consider it appropriate for tourists to leer at sex workers. We are banning tours that take visitors along sex workers' windows, not only because we want to prevent overcrowding in the red-light district, but also because it is not respectful to sex workers." In addition to feeling ogled at, 80% of prostitutes reported to Dutch News that the never-ending

tours are harming their businesses.

In recent years, Amsterdam's government has been trying to shift the public's perception of its city away from their reputation as a hard-partying destination.

SELF-LUBING CONDOM

Big news for every guy who uses rubbers! Researchers at Boston University have developed self-lubricating condoms that they believe will encourage more people to use protection.

The love gloves are designed with a durable coating that becomes and stays slick and slippery when it touches

body fluids. According to a study from YouGov, half of people between 16 and 24 who are sexually active don't use any protection when sleeping with a new partner. The scientists at Boston University are hoping that when their condoms become easily accessible, that number will shrink. According to them, their new coating will reduce friction-associated pain that many people have with traditional condoms, resulting in higher user satisfaction.

Say goodbye to the lube, boys.

According to a study conducted by Indiana University in 2009 with 2,500 female participants, 65.5% of women find it pleasurable to use lubricants during sex.

If you're planning on anal, you'll still need some help.

HOW TO EAT PUSSY LIKE A LESBIAN

You may think you know how to eat pussy like a rockstar, but do you think your tongue game can compare to a lesbian? Instead of getting sensitive about it, use it as a learning opportunity. After all, straight women are less likely to have orgasms than any other group, and you want to help your lady cum, right? Here are the top tips from queer women.

We asked real-life lesbians to give us cunnilingus pointers.

1) It's going to take more than just your tongue. Don't do your best impression of a hungry anteater trying to slurp a meal out of a small hole. First of all, you'll look silly. Secondly, it's probably not doing the trick for your

Winter loves making herself cum. As you're about to see, she's very good at it. "I love masturbation. Once I figured out how it worked, I was off to the races. Sometimes, I'll do it maybe five times a day. I'll do that for a couple of weeks, and then I'll give myself a rest. I can kind of build up an orgasm tolerance, but I keep it in check."

"I usually wear jeans and maybe a cute, little crop top. If I'm going out on the town or on a date, I wear something sexy like a tight dress with heels or cute shoes. I have a babyface, but when I doll myself up, I look amazing! I love older men because when we flirt, I play up the fact that I'm so young, which can make them nervous! Then, if they have the balls to ask me out, I'll show up for our date and wow them with how sexy I can be."

"I've always wanted to do porn, so I figured I should just go for it," Cleo told us. "I like guys and girls, but not equally. I love the soft curves of a woman's body, and when a woman has long, smooth legs, it makes my pussy tingle. But, I'm definitely a slave to dick. I can't give it up! My dream would be to have a threesome."

Shorty Craves The Big Ones

"Because I'm so short, every guy is taller than me, but I have a thing for really tall guys. It doesn't hurt that tall guys generally have big dicks! The big guys know how to pick me up and fuck me hard, which is my favorite way to do it."

Adira

Los Angeles, California

Manager at a cannabis club **Bras:** 34B

Age: 23

Panties: Thongs

Born: March 16

Anal: Licking & light fingering

Ht: 5'7"

BJs: I'll swallow if you're hot

Wt: 132 pounds

Masturbate: Who doesn't?

Adira is fun. She's a pot-smoking beauty with a penchant for raunchy sex and has fantasies that'll make you blush. She works as a manager at a cannabis club, which is like a bar but with weed instead of booze. She told us that her fantasies are being gangbanged, sucking a gigantic cock and having tons of public sex. "Preferably, they'd all happen at the same time," she told us.

The Line Starts Behind Us

"I usually stick to oral when having sex in public. That being said, I'd love to do what the British call "dogging." That's when a girl goes into the woods and bangs any guys who wander out there looking for pussy, two or three at a time."

"Orgasms are important to me. I pored through hundreds of reviews, spent countless hours reading articles and finally found the perfect vibrator for me. It was expensive, but it has a million different options. You can also attach a dildo to it. That's what I do when I want to give myself an orgasm that'll keep my knees weak for three days. The toy sucks my clit, and the dildo hits my G-spot."

"She may look innocent, and because she's only 18 she is, but MacKenzie is trying her hardest to expand her sexual horizons. "I had a threesome with my ex and a girl friend of his. We spent hours just sucking, licking and fucking each other. I also had a fuck buddy who tied my hands behind my back with my hairband and choked me while I was cumming. I've had a lot of experiences for girls my age, I think."

Growing It Out For Herself

"I've had a bush for a little while now. I decided to grow it out after I saw a beautiful woman in a foreign film with a full bush. I realized that I didn't like shaving every week. So far, the guys haven't minded."

Masturbate: Before bed

Diana was in our last issue. She posed solo and had a good time. We called her back the next day and offered her a chance to come back in and fuck a big-dicked stud. "I'm on my way," she replied. That's the enthusiasm we like to hear! Diana is a fit fitness instructor with a banging body and a big smile. You can't argue with that combo.

"I'm a total gym rat," Diana told us. "But I'd say that most of my exercise comes from the bedroom. I like to have sex at least every day, but if I had my way, I'd be having sex three or four times! You know what skill I pride myself in having? I can suck a guy back to being completely hard within five minutes of him cumming. The trick is sucking on the balls and playing with his ass."

"My favorite positions are doggie-style or missionary. I like doggie because I can lose myself in the moment and achieve a zen-like state while the guy is pounding me from behind. Funny enough, I like missionary for the exact opposite reaction. I can focus on the guy's eyes and feel an emotional connection with him. Plus, if I push my pussy upward, I can rub my clit on the guy's body."

Take Aim Wherever You Want

"I love creampie's, but I also like getting covered in cum. I don't have the biggest tits, but I still like when a guy focuses on them and wants to cover them in jizz. Facials are fun, but only if I've already cum. I have to be relaxed."

"I was counting down the days until I turned 18 so that I could come shoot porn for you guys," Anatasia told us in a brief interview. "I've always been horny as hell, and big dicks make me cum like crazy, so porn is a natural fit. I can cum from any sexual act, even from sucking cock if I'm horny enough! My favorite is anal."

"I'm enrolled in college and working towards getting my English degree. I want to make sure none of my classmates see these pictures, but I think the cat might be out of the bag. I see the way guys look at me in the halls and in the quad. Luckily, they've been really cool about not busting me. I might have to fuck someone to keep their mouth shut!"

woman. Instead of just using your tongue, utilize your whole mouth. Dig in and get your face wet and messy. Use your lips, your cheeks, your chin and everything else on your face to apply pressure to, and rub and slide, against your lady's pussy. And once she's wet, you can slowly incorporate your fingers into the mix. Don't just dive in with your dry-ass hands. You've got to get her excited before you enter her. And in case you were wondering, fingering isn't a replacement for your mouth. You need to do both at the same time!

2) The clit isn't the only game in town. You have to build up to it. Start with kisses around her pubis and down her thighs. If you're spending less than a minute before diving into her crotch like a puppy in front of a food bowl, then you're not giving your woman the attention she deserves. After

you've adequately gotten her worked up, lick up and down her labia. Think of attention paid to the clitoris like this: You probably wouldn't enjoy it if a woman pulled down your pants and immediately deepthroated you with a

dry mouth and no shaft-preparation. The clit is enormously sensitive. And sucking, licking and rubbing it is usually a surefire way to make a woman cum. It is also the only human organ whose sole function is to bring sexual pleas-

ure, but it requires a little (more than you're thinking) foreplay for it to reach its full potential. Luckily, women's vaginas have the incredible ability to lubricate themselves when they're aroused, so you'll have a good idea of when it's time to apply more pressure, just don't forget about the rest of her pussy.

3) Treat pussy eating like a blowjob. Put your lips around your girl's clitoral hood and suck on it as she sucks on the tip of your

dick. Move her clit in and out of your mouth if you can. The in-and-out action can stimulate the entire clit in a less-intense but more-satisfying way than just tonguing. Without getting too bogged down in scientific terminology, there are hidden nerve paths of the clit that run under the labia and probably to the G-spot. Manipulating the clitoris in different ways will send different pleasure sensations to your partner's brain. As with all of the techniques you're reading here,

you won't want to rely on this method exclusively. This is just one move out of many that you should be utilizing until you get the signal that she's about to cum.

4) For the love of everything holy, don't stop when she's close. Don't move an inch and don't change the pressure. Don't switch to your next move. It doesn't matter how fatigued you're feeling. You won't remember how sore your tongue is tomorrow, but she'll remember if you screwed up her orgasm because you were fidgeting. And in case you're wondering if she's bored with what you're doing, use your ears. If she's moaning, then you're doing fine. She might lose her orgasm momentum if you shift when it's finally getting good. Think about how many times her jaw went numb while blowing you. Soldier through!

5) Ask questions. This seems like a no-brainer, but you'd be surprised by the sheer number of men who jump into performing oral sex without having a clue of what their partner wants. You have to ask her what gets her off. Ask how she would like for you to start. Ask if she even enjoys oral sex, because some women don't, and that's nobody's fault. This conversation could bring about some thoughts and images that you might not want to think about; namely, that somebody other than you has probably given her an orgasm before, but that should give you an idea of how to proceed. Use her answers as a roadmap of how to provide her with the biggest orgasm of all time. After all, your goal here is to become the best, most-thoughtful partner she's ever had. You've got to gather intel before starting your operation.

6) Make more noises than just slurps. Women can be self-conscious when you're going down on them. That's especially true when you first begin. Let her know that you're not merely returning the favor after she blows you, but that you actually love diving in her

"I'm not enrolled in college yet, so I have some time to explore and find myself. I broke up with my high school boyfriend, so I don't have anybody to get mad at me for shooting porn," Natalie informed us when we asked why such an innocent-looking cutie would spread her pussy and asshole on-camera for us. "And by the way, I was kind of a good girl in school, but I'm trying hard at breaking out of my old mold."

"I haven't had anal, but I'm working up to it. I figured there must be something to it since it's so popular. I got a friend of mine to come over and told him that I'd let him fuck me if he helped me train my asshole. He agreed, of course. We went out and bought a buttplug, and he's been training my starfish with his fingers. I'm almost ready, I think. It's starting to feel really, really good."

The Best Mall Experience

"A little while ago, I was on a first date with this guy at a mall and we really hit it off. We made out by a fountain, and then we went into a changing room and he watched me try on bikinis. We ended up fucking in a bathroom."

We flew Eden down to Miami so she could have a vacation...Oh, and so that she could shoot her first-ever masturbation scenes. "This is all like a dream come true for me," she told us. "I don't really travel that much. In fact, this is my first time on the East Coast. I love it down here! I get to wear my bikinis everywhere I go."

"Back home, I worked as a lifeguard for a summer. I wasn't very good because most of the kids I was watching were bigger than me! I spent most of the time at the pool flirting with the boys who lounged around getting a tan. To this day, the smell of sunscreen lotion turns me on like crazy. When I went to the beach down here in Miami, my bikini bottoms were soaked through with my sticky pussy juices."

Now That's A Good Friend

"I came down here with my girlfriends. They know how I'm paying for the trip, and they're supportive as hell. In fact, my best friend helped me wax my pussy. It hurt like hell, but she kissed it to make it feel better. It was hilarious!"

muff. When you're down there, moan and make some small, excited noises. Keep your voice low and masculine, and don't ham it up. You're eating pussy, not performing Shakespeare. No man likes a completely silent blowjob. Nothing is better than when someone is entirely devoted to making sure you are enjoying yourself, so return the favor for her. Lick your lips, smile and tell her you love her body.

7) Just like she does for you, you need to swallow. This one might not be the most-obvious piece of advice for men, but lesbians understand it intimately. If you're doing a good job at eating out your girl, there will be a lot of spit and juices in the mix. Hell, the entire goal is to get her flowing like a faucet. That doesn't mean that she wants to feel like she just went down a waterslide without her bikini bottoms on, though. Don't just allow the saliva to run down her buttcrack. It's hot now, but it'll get cold really quickly back there, and that's a surefire way to kill her mood. Swallow the spit before it gets to that point. Her body will continue to make more lubricant, ensuring that your fingers and mouth have more than enough slickness to keep things slipping and sliding into a good orgasm.

8) She's not your ex, so don't treat her like it. What works on one woman probably isn't going to work for the next. You don't regift presents you bought for your last girlfriend to your new girlfriend, so why are you recycling the same old moves in the sack? Just as there is more than one way to skin a cat, there are a million ways to please a pussy. That's why communication is paramount and why you need to ask questions. Of course, the most-important part of asking questions is listening to and implementing the answers. So, if your old girlfriend back in college liked having her salad tossed while you were

flicking her bean, don't assume your new girl will, too. That's the kind of thing you should know before your mouth goes south of her navel.

9) You're not God's gift to women, so knock off the act.

That's not to say that you shouldn't be confident, but you should never assume that you're nailing it 100%. There's always room for improvement. Hell, even if it's just moving positions or using your non-dominant hand to rub her thigh while you're licking away, you can always get better at eating pussy. A lot of times, confidence comes across as arrogance, and that's the last thing that a woman wants to think about her partner while her legs are spread and she's presenting herself to him. She's vulnerable at that moment, and you should respect that by showing some humility. Save your jokes or silly games for another time. A glib one-liner could completely ruin her evening.

10) Your tongue is still vital.

We know that we've been down-playing the tongue's role in eating pussy, but that's because people (men) often rely on it too heavily during cunnilingus. That's why we saved this piece of advice for the very end. Your tongue is still your number one tool for bringing your woman to orgasm. It's indispensable in its ability to feel soft, hot, wet, rigid and flexible all at the same time. That being said, be mindful of how you are using it. We'll use a tool analogy for you: Some women hate it when you flick the tip of your tongue like a pointed garden spade. For them, you'll want to lick her with a soft, wide tongue shape similar to how a snow shovel looks. For other women, the exact opposite situation could be true. Coming at the pussy from another angle can also completely change the way your tongue feels on her body. If she's game, switch up the position and see how she responds in that spot. If you're asking questions, experimenting and keeping an open mind, then you'll find out what your partner requires to cum. From there, it's all a matter of putting in the leg work.

Ali has a girlfriend. They've been together for five years. If it's weird to you to watch a lesbian suck and fuck, don't worry. Ali still loves cock. "I'm not a lesbian," she told us. "I told my girlfriend when we hooked up that I'd need to get some dick on the side. She's cool with it. Now, she supports me doing porn. She's the best."

"I'm in a fortunate position in life. I get as much sex as I want at home. My girl and I fuck each other at least once a day. And, when I need a good pounding from a guy, I can go out and find a stranger to please me. Unfortunately, you can't tell which guys are going to be good. That's why I decided to call you guys up!"

"My girlfriend and I love roleplaying. My fetishes all revolve around daddy issues, and I call my girlfriend daddy when we fool around. She likes dominating me and making me be her sex servant. We switch the roles around, too. I like taking control in the bedroom just as much as I like being submissive. My favorite sex toy is my strap on. I've used it on guys and girls!"

Let's Make That Happen

"I'd love to bring my girlfriend in and do a scene with her and, like, five or six other girls. I've always wanted to do a daisy chain. That's where all the girls get into a circle and eat each other out doggie-style."
